Experience

MyMonthly
Product Designer | 08. 2025 - Current

Knoetic (Series B)
Founding Product Designer | 12. 2024 - 07. 2025

Led design to find new PMF for an AI-centric People Analytics platform and improve a C-level executive community of 3,000+ members. Refurbished the end-to-end design system, managed the company landing website, and produced marketing and business materials.

Nauto
Product Designer | 08. 2024 - 12. 2024

Developed key digital products to optimize user interaction with AI-driven automotive technology, enhancing operational efficiency across fleet management web interface and mobile apps for managers and drivers.

Hander
Co-founder & Product Designer | 09. 2023 - 12. 2024

Directed the end-to-end user experience design for iOS and web platforms, leading 0 → 1 product development from concept to launch. Oversaw branding initiatives, business strategy formulation, and execution of go-to-market efforts.

Amotions
Product Designer (Part-time) | 02. 2023 - 09. 2023

Implemented user interfaces and AI-powered coaching features on the B2B startup website, resulting in a 30% reduction in the bounce rate on the landing page and a 24% increase in customer retention post-AI integration.

Republic of Korea Army
Administrative Sergeant | 08. 2020 - 02. 2022

Managed soldiers' needs during COVID-19, providing tailored solutions and support.
